DEPARTMENT OVERVIEW

The Housing Services staff work together to provide a welcoming living environment that is supportive of our residents’ academic needs. The department is divided into three units: Business Services, Facilities Management and Residence Life.

The Business Services staff supports the residential population with a variety of business processes, such as contracting, check-in, check-out, keys, payments and accounts. The Facilities staff maintains the property, including resident apartments and public spaces, and is the response team for routine and emergency repairs. The Residence Life staff provides live-in support to the resident population assisting with community development, student conduct and programming.
RESIDENT DIRECTORS (RDs)
The RDs are full-time live-in professionals responsible for the supervision of the RA & RLC staff, programming, student conduct, First Year Residential Program, Resident Scholars Housing Program, Graduate Housing Program, Residential Hall Association (RHA) advising and emergency duty coverage.

RESIDENCE LIFE COORDINATORS (RLCs)
The RLCs are student positions responsible for programming, peer staff training, and community program coordination.

RESIDENT ASSISTANTS (RAs)
Each RA is a peer advisor/counselor, group facilitator, policy enforcer, program planner, and friend to the students living in the community. They are the day-to-day contact persons with residents and key to the success of the housing program. As a resident, feel free to contact your RA for assistance. RA list—
www.calstatela.edu/univ/housing/contact.php

Our live-in staff of RAs is here to provide programs, resources and services within the community that support the academic mission of the University and augment the intellectual, cultural, social and personal development of our residents. They also provide emergency duty coverage and assist with the Community Information Center operations.

RESIDENCE HALL ASSOCIATION (RHA)
The Residence Hall Association, referred to as RHA, exists to give residents an opportunity to take an active role in shaping their residential community. The RHA is the voice of the resident community. This student board gets residents involved in the vision and planning of activities in the Housing community. All residents are members of RHA and are encouraged to participate in meetings. Meetings will serve as a platform for residents to proactively communicate their concerns and recommendations. To find out how to get involved in RHA, or run for an elected position, see your Resident Advisor.

3. SAFETY
The safety and security of our residents is of primary concern to the Housing Services staff. Our efforts in staffing, programming, and service assist to create a safe living environment. Listed below are the measures that we take to build a safe community.

STAFFING:
• Resident Assistants (RAs): These students are responsible for assisting residents to resolve any day-to-day issues (e.g. roommate disputes).
• RA On-Duty: This individual is responsible for the Housing after hours to monitor noise levels and any potentially hazardous or dangerous conditions. To reach the RA on-duty call (323) 343-4807.
• Emergency Duty Personnel (ED): These Housing Services professional staff members respond to policy violations, emergency incidents and customer service issues and assist the RAs in emergencies.
• Resident Director (RD): Live-in professional staff who is available for crisis/emergency response. This Housing Services staff member assists the Emergency Duty staff member with higher level concerns or community issues.
DEPARTMENT OF CAMPUS SAFETY:
Dedicated Safety Officer: Thursday through Saturday, and every other Wednesday, a uniformed officer of the Department of Public Safety patrols the Housing Services complex from 6:00 pm to 6:00 am. This officer assists the RA on-duty and Emergency Duty personnel responding to police violations and emergency incidents.

Eagle Patrol (a part of the Department of Public Safety): These students serve as escorts. This service provides a walking escort to and from buildings and to your personal vehicle. You are encouraged to use this service, particularly in the evening hours. For more information, call (323) 343-3700 or visit www.calstatela.edu/univ/police/escort.php.

Health and Safety Programs: These programs are in collaboration with the University Health Center and Department of Public Safety to provide information to residents about health and safety concerns.

MISSING STUDENT NOTIFICATION POLICIES AND PROCEDURES
As part of your License Agreement, you will be asked for a missing person contact and telephone number in the event you are considered missing. This contact may be different from your other emergency contacts.

Students are advised that their contact information will be registered confidentially. This information will be accessible only to authorized campus officials, and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.

If a student is under eighteen (18) and not emancipated, the California State University must notify a custodial parent or guardian within twenty-four (24) hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the individual.

We encourage students to also use this notification system if they are concerned about the whereabouts of another student by contacting the Department of Public Safety at (323) 343-3700. Other avenues of reporting include Student Affairs (323) 343-3100 and Housing Services (323) 343-4800 (after-hours response (323) 343-4807). Any missing student reports received by these offices are referred immediately to Department of Public Safety.

EARTHQUAKE PREPAREDNESS PROCEDURES
In the event of an earthquake, please remain in your apartment and find a secure and sheltered space away from windows and glass. The proper procedure is to drop, cover and hold until the major event has subsided. Only then should you leave your building.

Based on the type of emergency, it may be necessary to evacuate buildings. Please follow instructions from Cal State L.A. or Housing Services staff. The campus uses a public address system that also provides information and instructions. This will provide you additional direction based on the type of emergency.

Students must comply with the evacuation alarm and/or the directions of Housing Services staff. The Evacuation Site for Phase I & II is in the far Northeast corner of Lot 7. The evacuation location for GEA is on the grassy median on Mariondale, just South of GEA. A Cal State L.A. staff member or Housing Services staff will give you instructions after your arrival in this area. Remain in these designated areas until you are accounted for and/or given permission to leave the area and re-enter your apartment. A map of the evacuation site is included in this document. (See also Section “GENERAL BEHAVIORAL RESPONSIBILITIES,” Item 13).

1. Be Prepared! A significant emergency will require the campus and community population to be self-sufficient for several days. The University strongly recommends that students assemble emergency kits for three to five (3-5) days with the following:
   • Water
   • Food (peanut butter, granola bars, ready to eat fruits and vegetables)
   • Flashlight with batteries
   • Necessary medication
   • Jacket
   • Shoes
   • Paper products (toilet paper, feminine supplies)
   • First-aid kit
• Trash bags
• Personal hygiene products

2. You should designate an emergency contact person with your family and/or friends.
3. Understand that communication and travel to and from campus may be dramatically affected.
4. In case of an emergency, the University has implemented a text notification system to send official
   emergency information directly to subscriber's cell phones.
5. For other emergencies, such as health, pandemic or environmental hazards, a Cal State L.A. staff will
   provide instructions on protocols.

We hope this information will help you prepare for a large-scale emergency. If you have specific training that
would be helpful to staff during an emergency (fire fighting, EMT, rescue, etc.) please identify yourself to the
Housing Services staff.

4. ACCOMMODATIONS FOR STUDENTS WITH DISABILITIES

1. Accommodations
   Reasonable accommodations for students with disabilities may be made on a space available basis.
   Students with documented disabilities must register with the Office for Students with Disabilities (OSD).
   If you require accommodations you may reach their office at (323) 343-3140 or find additional
   information on their website at www.calstatela.edu/univ/osd.

2. Service and Assistance Animals
   a. An accommodation for a service or assistance animal must be registered and authorized by the
      Office for Students with Disabilities at www.calstatela.edu/univ/osd/. Please allow a minimum of
      two weeks for review of documentation. Prior to approval, Housing Services will provide
      additional information and guidelines.
   b. The American Disabilities Act (ADA) defines a “service animal” as “any guide dog, signal dog, or
      other animal individually trained to do work or perform tasks for the benefit of an individual with
      a disability.” A “service animal” is a working animal and not a pet. Submission of proof of
      training and/or certification that the animal is trained as a “service animal” as defined by the
      ADA is required.
   c. An Assistance Animal is an animal that works, provides assistance or performs tasks for the
      benefit of the person with a disability or an animal that provides emotional support that
      alleviates one or more identified symptoms or effects of a person’s disability. Training or
      certification is not required.

6. RESIDENT SERVICES

**COURTESY KEYS**
A. As a courtesy, the Housing Services Office provides access to residents locked out of their apartment or bedroom. This courtesy, however, should be requested infrequently and not to be used instead of reporting lost keys in order to avoid charges, or because residents have loaned out their keys. More than three (3+) lockouts in an academic year may result in disciplinary action and charges (see "Keys" in the Housing Policies section). Please note that this courtesy shall not be provided to individuals trying to gain access to an apartment/bedroom to which they are not assigned.

More than 3 lockouts in an academic year may result in disciplinary action and the following charges:
- Up to 3 lockouts = No charge
- 4th lockouts = $ 10 (includes disciplinary meeting)
- 5th lockouts = $ 20
- 6th lockouts = $ 30
B. If you are locked out of your apartment or bedroom during business hours, you may go to the Housing Services Office to request a courtesy key that must be returned within fifteen (15) minutes. Failure to return a key, or loss of a key, will result in a lock change fee being added to your student account.

C. If you are locked out of your apartment after normal business hours, please go directly to the CIC in Phase I and ask the RA on-duty for assistance. For lockouts after 10:00 pm, call (323) 343-4807 for assistance.

D. Be prepared to provide valid photo identification when requesting assistance with a lockout.

E. Please attempt to check to see if a roommate or housemate is home and able to let you in before requesting staff assistance.

F. Under no circumstances are keys to be duplicated or given or loaned to another individual. Violations will result in disciplinary action.

MAIL, MAILBOXES AND COMBINATIONS

A. Residents will be assigned a mailbox for use and will be given the mailbox combination upon check in. Mailboxes are shared among residents in the same bedroom.

B. The U.S. Postal Service (USPS) will provide mail delivery service once (1) per day, except on Sundays and holidays observed by the USPS or the University. Based on this schedule, Housing Services makes every effort to distribute mail to resident mailboxes everyday by 5:00 pm.

C. Only current residents are eligible to receive mail through Housing Services. You will receive a notification slip in your mailbox if a package has arrived for you.

D. All mail/packages must be picked up within 10 business days, with proper identification. At the end of 10 business days, unclaimed packages will be returned to sender.

E. Valid picture identification is required to claim packages, registered letters, and other items that must be picked up from the mailroom or the Housing Services Office.

F. Residents are strongly encouraged to check their mailboxes frequently, not only to receive personal mail in a timely way but also for important Housing Services information.

G. All mail/packages must have a current resident’s full name as it would appear on their Cal State L.A. ID card or driver license or passport. If the package is addressed to someone other than the resident, it must indicate, c/o or Attention (resident’s name). Mail that does not bear the full name of a current resident will be returned to the sender. Please see below for the proper way of addressing mail.

H. For outgoing mail, a USPS mailbox is located outside the Phase II Community Center.

You will also be able to email the Mail Room if you have questions, however, please do not use this email to verify if you received a package. Do not forget to bookmark our email address: housingmailroom@csianet.calstatela.edu

MAIL FORWARDING

A. After residents move out, Housing Services will forward their first class mail (letters only) to a forwarding address for four (4) weeks. Students that would like their mail to be forwarded must complete the Mail Forwarding Request form before checking out.

B. After the four (4) weeks, mail will be returned to sender.

C. Residents are responsible for updating their mailing address directly with all institutions sending them mail prior to moving out or before the end of the four week period.

D. If a forwarding address is not provided, all first class mail will be returned to the sender.

E. Presorted mail and packages cannot be forwarded therefore, they will be returned to sender.
MEAL PLANS
A. All meals are served in the Dining Commons.
B. The Dining Commons offers breakfast, lunch and dinner. Details on the types of meal plans and hours of operation are on the Housing website.
C. The Meal Plan contract follows the same policies and procedures as the Housing License Agreement. Meal Plan contracts are for the entire academic year.
D. Requests to cancel the meal plan are taken during the eighth (8th) week of each quarter and must be substantiated with documentation, following the criteria as outlined in the License Agreement. Please check our website for more details: www.calstatela.edu/univ/housing/mealplan.php.

PARKING
The parking lot for Housing Services residents is adjacent to the housing complex. Signs are posted indicating Resident Parking in Lot 7A and along the exterior of the fence in Lot 7. If you park in these areas, a residential parking permit is required.

There are a limited number of parking spaces located inside the gated community of Golden Eagles Apartments (GEA). These spaces are assigned through a voluntary lottery system each quarter. Residents must park only in the space number assigned to them and display the GEA resident decal on their parking pass. Decals and gate remotes are issued to GEA Parking Lottery winners during 1st week of quarter and collected from residents during finals week of each quarter.

Parking Enforcement will issue citations to all vehicles that do not display the appropriate permit. Residential parking permits can be purchased from the Parking and Transportation Service Center located south of Parking Lot 3. The Service Center hours are Monday-Thursday 8:00 am to 7:00 pm and Friday, 8:00 am to 5:00 pm.
A. Parking behind Building 2 is limited to Faculty/Staff permit holders. Parking enforcement will cite violators at all times.
B. Temporary/Guest Parking Permits are available in the yellow dispenser located in Lot 7; these permits are valid only in Lot 7, and street parking located on Mariondale and Paseo Rancho Castilla. You may not park inside the fenced lots located in Phase I and II or at GEA with a temporary/guest permit.
C. Additional parking for GEA residents and guests displaying proper permits is available in the marked parking stalls on both Paseo Rancho Castilla and Mariondale Avenue.
D. The loop around the Phase I complex is a designated fire lane and is enforced as a NO PARKING area twenty-four (24) hours a day. Parking Enforcement will cite cars parked in this area.
E. For the safety of pedestrians, the loop is posted at ten (10) MPH. Please observe this speed limit.
F. The residential parking lot is cleaned on Fridays from 7:30 am - 9:30 am. All residents must remove their vehicles from Lot 7A prior to 7:30 am on Fridays. Parking in Lot 7 is permitted. Failure to remove vehicles will result in a parking citation.

TELEPHONE
Connecting a Landline Telephone Service

Housing Services does not install telephone service. Residents may choose to establish landline service by calling AT&T at (800) 310-2355. You will need to provide AT&T a SERVICE LOCATION (where the phone line is hooked up) and your MAILING ADDRESS.

PLEASE NOTE: Housing Services provides internet and cable services. Residents may not request these services through AT&T. Installing telephone service is a business agreement between you and the telephone company, and not Housing Services. It is very important that you give the correct SERVICE LOCATION and BILLING ADDRESS or your service will be delayed. It is not necessary to sign up for the AT&T "Wire Plan" or additional "Technician Service." Housing Services maintains the wiring within each apartment.

Service Location
Your service location is your apartment and room A, B, C or D. For Phase I (Apartments 101-246) it is 5600 Paseo Rancho Castilla. If you live in Phase II (Apts. 1101-5306), it is 5300 Paseo Rancho Castilla. If you live at GEA, your service location is 5425 Dobbs Street. All addresses are located in Los Angeles, CA 90032.

Billing Address
Your billing address is the same as your mailing address. See the previous section titled “Mailing Address” to review the proper mailing address information.

DO NOT FORGET to contact the telephone company to cancel your telephone service prior to moving out. Remember you will continue to be billed by the phone company until you terminate the service. Failure to pay can affect your credit rating.

Telephone Problems after Installation If you have problems with your telephone service, submit a work order and the Housing Services Maintenance staff will investigate the possible cause. With the exception of Move-in or transfer periods, the average length of time needed to address your phone service is 2 to 5 business days after AT&T has turned on your service.

INTERNET SERVICE

Wireless Internet
Wireless access is available to residents in the apartments and in designated hot spots within the Housing Services complex. To provide better service, several apartments have wireless access points in their living room. Please do not unplug these access points to plug in your personal devices. This will affect the community and will be detected by campus ITS. This may result in disciplinary action. Hot spots are located in the Phase I Game Room and the Phase II Lounge.

To access the internet you will need a campus network account to login to the wireless network. For additional information, please go to www.calstatela.edu/its/wireless. If your wireless internet is not working, please complete a work order form. For additional information, please see Internet Use under the Facility/Recreation/Grounds Use Responsibilities section.

Personal routers and connection of DSL through phone or cable companies are prohibited as they interfere with campus internet.

READERSHIP PROGRAM
Housing Services participates in the Collegiate Readership Program that provides copies of USA Today and Los Angeles Times on weekdays throughout the academic year (fall, winter and spring). This program is designed to create an atmosphere of community awareness and prepares students for our rapidly changing global society. Take advantage of this free source and pick up a newspaper for casual reading or to use as part of course assignments. Newspaper stands are located in the Phase I and II hallways.

SATELLITE / HOUSING CHANNEL / CABLE
Pre-selected satellite channels are complementary in all of the bedrooms and in the living room of each apartment. The Housing Channel (found on channel 8) provides the community with relevant University and Housing Services information. During the academic year, residents can enjoy complementary movies on the Housing Channel. Wide ranges of movies are selected to reflect current events, holidays, special programming, and newly released films. Residents are encouraged to submit movie requests to the Housing Services Office.

SOCIAL NETWORKS (Facebook and Twitter)
Now you can follow us on Twitter and become a fan on Facebook to get up-to-date information and see what is happening in Housing.
VENDING MACHINES
Beverage and snack machines are located in the Game Room of Phase I and in the Phase II Community Center. They are accessible during scheduled building operating hours. A water machine is located near the Phase I Laundry Room and is accessible twenty-four (24) hours per day. Please be advised that Housing Services is not responsible for any money lost in the vending machines. If you lose your money, please call (323) 268-7632 for refund information.

LICENSING POLICIES
Please refer to the online Housing License Agreement for full details.

1. ROOM CHANGE REQUESTS
Requests to change to another bedroom or apartment are accepted online during the third (3rd) and eighth (8th) week of the Fall Quarter and eighth (8th) week of Winter Quarter. Room Changes will be accommodated based on the number of spaces that are available.

Process
- Complete a Room Change Request form online which is available during the room change request period.
- Resident will be contacted based on space availability. If spaces are available, every attempt will be made to accommodate the request.
- Resident must complete the move during the designated period.
- Resident will check in to new space, complete a new Apartment Condition Form, move all belongings and check out of current room by returning keys in order to complete the process.

2. COMMUNICATION WITH STUDENTS
Email will serve as one of the primary and official forms of communication to students. Any email communication to a student will be sent to the student’s university email account. A monthly newsletter and weekly email with important messages and reminders for residents are sent to their Cal State L.A. email address and are posted on the Housing website. If residents choose to use personal email accounts, please be aware that forwarding emails may result in filtering messages as SPAM. It is still the responsibility of the resident to check their Cal State L.A. emails for important messages.

3. INSPECTIONS/ACCESS
Students can expect reasonable privacy of rooms and personal property. The University shall have the right to enter the premises (Civil Code 1954) for the purposes of emergency, health, safety, maintenance, enforcement of applicable rules and regulations, or for any other lawful purpose to the extent permissible by law. The University shall exercise this right reasonably and with respect for Licensee’s privacy and study needs. Health and Safety inspections are scheduled quarterly.

4. OCCUPANCY CHECKS
Occupancy checks are conducted to confirm that residents are assigned to the correct space and for safety checks.
- Residents are required to sign the occupancy rosters from the Resident Advisor on a quarterly basis to confirm residency.
- The University retains the right to transfer its interest and/or obligations under this Agreement. Licensee may not assign or transfer his/her rights or obligations under this Agreement without the written permission of the University. Licensee may not sub-license or sublet the Premises to, or permit the occupancy of the Premises by, any other person without the written permission of the University.
C. **OCCUPYING ROOMMATE SPACE** - Apartments are designed to accommodate several residents entitled each to a reasonable amount of space to store their personal belongings. Residents in double (2) or triple (3) occupancy rooms are required to share a proportional section of the bedroom and a portion of the common area. If there is an empty space in a double (2) or triple (3) occupancy bedroom, this area must be kept clear and clean so that a new roommate can be assigned and moved in at any time. Residents assigned to double (2) occupancy will be assessed the single (1) occupancy rate each day that they are in violation of this policy. Residents in triple (3) occupancy rooms will be assessed a double (2) rate each day that they are in violation of this policy. In addition, these residents will be subject to disciplinary action up to, and including, termination of their license agreement. If necessary, Housing Services staff may move resident belongings in order to clear the space for newly assigned residents and may be charged for cleaning and labor charges.

D. In bedrooms, residents may only utilize one (1) desk, one (1) bed, one (1) closet, one (1) set of drawers, one (1) telephone jack, and a proportional section of the available shelving space. 12. Piracy
A. It is considered a felony and a violation of University policy to tamper with and/or gain unauthorized use of the satellite TV system provided by Housing Services.
B. As a master antenna hook-up is provided, television and radio antennas are not to be affixed to the roof of the premises or placed outside windows. No exterior wire, aerials, signs or similar objects are to be erected.

13. Evacuation
All residents must evacuate their apartment and building area immediately during the sounding of a fire alarm or upon the direction of a University staff member. The Housing Services Phase I and II Evacuation Assembly Point is in Parking Lot 7 in the far Northeast corner. The evacuation location for GEA is on the grassy median on Mariondale just South of GEA. Attempting to re-enter an apartment, community center, or mailroom area without permission of University or Housing Services staff is prohibited. Referral to University Police for criminal/legal action may also be a consequence for failing to comply with the evacuation policy.

14. Sexual Assault and Harassment – Zero Tolerance Policy
A. Sexual harassment towards any person is prohibited. Sexual harassment includes such behavior as unwanted sexual advances, sexual gestures, unwanted request for sexual favors, creating a hostile or offensive environment, and other unwanted verbal or physical conduct of a sexual nature directed towards another person.
B. Sexual assault, sexual battery, or rape of any person is prohibited. This behavior includes any sexual activity that is carried out without the express consent of the parties involved, including, but not limited to: attempted non-consensual penetration, non-consensual anal intercourse, fellatio, cunnilingus, or the insertion of a foreign object into the vagina, urethra, penis or rectum of another person.
C. Anyone under the influence of alcohol or drugs is incapable of giving consent to sexual activity.

15. Stalking, Physical/Written/Verbal Abuse And Harassment – Zero Tolerance Policy
A. Threats, assaults, or physical, psychological, verbal, or written (including electronic) abuse is prohibited.
B. Harassment in any form towards any person and/or group, through any medium (including electronic) is prohibited.
C. Stalking, repeatedly following, committing acts that alarm or annoy, communicating by mechanic or electronic means that serve no legitimate purpose, in a manner likely to harass, intimidate, annoy or alarm is prohibited.

8. STUDENT CONDUCT PROCESS

Housing Services strives to take an educational approach to student discipline. This includes providing information that residents need in order to function effectively as responsible members of the community. In the event that a resident chooses to violate housing policies, the Housing Services staff will take quick action to hold them accountable for their behavior. This is done both to assist the student in their personal development and to maintain the integrity of community living.

The following information describes the rights, responsibilities and procedures of the resident and the Housing Services staff in addressing inappropriate behavior and/or violations of housing policies.
DUE PROCESS
Due process insures that all residents are given an opportunity to address conduct alleged to be in violation of University and/or Housing Policies. Due process means a student will have the opportunity to know what allegations/violations are being brought against him/her, and have the opportunity to share his/her recollection of the incident.

RESIDENTS’ RESPONSIBILITIES
Housing Services and the University expect residents to assume responsibility in the student conduct process. Residents are expected to appear for disciplinary meetings with Housing Services staff. If the resident fails to appear, the conduct process will proceed without the benefit of his/her input and a decision/sanction will be issued based on the available information.

Throughout the student conduct process, the resident has the responsibility to present truthful information. Any resident found to have willfully presented false or misleading information will be subject to additional disciplinary action. Residents are expected to comply with sanctions issued at any level in the student conduct process. Residents are responsible for following the disciplinary process and meeting the deadlines in a timely manner. Refusing to follow, or ignoring the process/sanction, will result in further disciplinary action in addition to the sanctions from the original violations. Please note: at the discretion of Housing Services, a copy of an incident report may be released to a student whose names appear on the report.

RESIDENTS’ RIGHTS
Residents may expect the following:
1. To have knowledge of all alleged violations and have the alleged violations explained clearly and fully at every level of the student conduct process. The alleged violation will be noted via a Notice to Appear letter.
2. To be informed of all submitted written statements concerning the allegations. This information is conveyed at the disciplinary meeting.
3. To have an opportunity to give their side of the story and refute statements made by witnesses. This opportunity is provided at the disciplinary meeting. This information can be shared either before or after the disciplinary meeting.
4. To submit names of pertinent witnesses and other relevant supporting documents for review.
5. To have a fair and prompt disciplinary meeting. This notification will be in the form of a Notice to Appear letter.
6. To be notified promptly of the results of the disciplinary meeting. This will be in the form of a Decision letter.
7. To be advised of the appropriate appeal process, outlined in the Decision letter.
8. To potentially receive a copy of the Incident Report. Requests for Incident Reports should be made to the Associate Director for Residence Life. Housing Services has sole discretion as to the releasing of Incident Reports.

INCIDENT REPORT
The disciplinary procedures begin when an incident occurs which may be in violation of University and/or Housing Services policies. Housing Services staff will address the inappropriate behavior. Housing Services staff will subsequently report the violation to the Resident Director or designee via the Incident Report. This detailed report includes names and statements from witnesses and police report numbers, if applicable. Residents should check their email and can expect communication from Housing Services after an Incident Report has been completed by Housing Services Staff.

NOTICE TO APPEAR
In the case of most policy violations, the Resident Director, or designee will handle the disciplinary procedures. The resident will receive a Notice to Appear for a disciplinary hearing via email. The letter will include specific information as to the alleged policy violation; date of the incident; and appointment time or a deadline date to schedule the appointment. The resident is responsible for making an appointment and meeting with the Resident Director or designee by the stated deadline. If the resident fails to meet with the Resident Director or designee by the stated deadline, a decision/sanction regarding the resident's involvement may be made based on the available information without the benefit of his/her input as stated in the Student Guide.
CONDUCT MEETING
During the disciplinary meeting, the resident will have an opportunity to hear and respond to the allegations. If the resident admits to the policy violation, the Resident Director or designee will issue a sanction. If a resident denies responsibility for an alleged policy violation, the Resident Director or designee must make a decision based on the information currently available. If the resident is found to be responsible, the Resident Director or designee will issue a sanction. The sanction issued by the Resident Director or designee may not include license termination or revocation, eviction, student suspension, and/or student dismissal; those sanctions will require referral of the matter to the Cal State L.A. Judicial Affairs Officer and/or the California State University Office of General Counsel for further investigation and handling before issuance to the Licensee.

APPEAL PROCESS
If you wish to appeal this decision you must submit a written letter requesting an appeal within three (3) working days of receipt of your letter. Requests for an appeal must be sent to the Associate Director of Residence Life at the Housing Services office. Please include your contact information in the letter. Approval for an appeal meeting will be determined by the Associate Director of Residence Life and will be based on one or more of the following and to be described fully in the written appeal request letter:

1. Presentation of new or relevant information that was unavailable at the time of the original Conduct Meeting;
2. The decision of responsibility regarding the alleged violation(s) of Housing policy is unsupported by the preponderance of the evidence;
3. The Conduct Officer overseeing the Conduct Meeting was influenced by personal bias;
4. The sanction was not appropriate to the offense;
5. The Conduct Officer overseeing the Conduct Meeting did not follow written procedures as outlined in the Housing Services Student Guide

REFERRAL TO JUDICIAL AFFAIRS OFFICER AND/OR UNIVERSITY POLICE
Residents should be aware that concurrent judicial proceedings might occur for policy violations. Cases of a serious nature are referred to the Judicial Affairs Officer who has the authority to hear the case involving any student violation that occurs on campus. This process can result in the suspension or permanent dismissal of the student from the University.

Violations of city, county, state or federal laws may also result in civil proceedings or criminal charges. Please be aware that if something is illegal off-campus, it is illegal on campus. University property does not insulate residents from being accountable for their actions.

SANCTIONS
The following is a range of sanctions that may be issued for violations. Sanctions may be issued individually or in combination with each other. Sanctions will be issued based on the severity of the violation and individual disciplinary history.

FORMAL WARNING
Notice in writing that a given behavior is in violation of Housing Services or University policy.

RESTITUTION
A requirement to pay for costs incurred in cleaning, repairing, replacing, or refinishing damaged or missing.

MANDATORY ROOM CHANGE
The University reserves the right to change a student’s assignment to consolidate residents that are alone in a room and/or apartment to meet housing demand or to address repairs or maintenance.
This sanction is used when it is believed that a change of environment (relocation) will benefit the resident and the Housing Services community. This sanction will be considered for students involved in repeated violations of Housing Services policies; individuals involved in serious infractions of policy; or for individuals who consistently disrupt the communal nature of the apartment or the community. Residents who are required to change rooms need to complete their change within forty-eight (48) hours of picking up the keys to their new apartment in order to avoid charges for a lock change and served a written notice that they will not be permitted to enter into a new License Agreement with the university.

DENIAL OF FUTURE UNIVERSITY HOUSING (NON-RENEWAL OF LICENSE AGREEMENT)
Students with outstanding balances, have been involved in repeated violations of Housing Services policies, have demonstrated behavior that negatively impacts the community living environment, or students that expect a level of service that is not provided, may be denied future on-campus University Housing.

9. RESIDENT LIVING AGREEMENT

The Office of Housing Services provides the resident living agreement to ensure the quality of living within a residence coincides with the expectations of the residents who live there. This document is designed to provide its users the opportunity to establish some guidelines related to the details of their living arrangements. Here are some basic guidelines for developing your agreement:

1. Schedule a time to talk and be sensitive to each other schedule
2. When discussing the agreement use “I statements” such as “I feel frustrated when you leave your dirty dishes in the sink”. Be very specific about the actions you dislike and how they affect you. Avoid accusations.
3. This agreement should be a group effort with everyone’s input being considered.
4. If additional writing space is necessary, there is an additional items and concerns section.
5. If you have any questions or difficulties in making compromises, please contact your RA.
6. Your RA will make a copy of the original.
7. Review the agreement regularly, especially with new roommates.
8. Post a copy on your trash closet cabinet door and provide the original to your RA.

HOUSING POLICY
Many of the discussions you will be having are in regards to topics for which Housing Services already has policies. We encourage you to review the Student Housing License Agreement and this Student Guide and confirm that your agreements comply with the housing policies already in place.

CLEANING SCHEDULE
Residents are expected to support a healthy and safe community environment and will be held responsible for maintaining a clean apartment. In addition to the Resident Living Agreement is the requirement to create and follow a cleaning schedule. One of the most common roommate conflicts is cleanliness and maintenance of the apartment. Following this schedule will help reduce this issue. If you and your roommates do not set up a cleaning schedule, your RA will complete one for you.

You may obtain a cleaning schedule from your RA or at the Housing Services Office.

WHAT IS CLEANING?
The following list is an example of expectations apartments may use in establishing their cleaning schedule. For health and safety reasons, most items should be done weekly, some daily. Anything that has food residue should be cleaned or removed on a daily basis to avoid any pests.

10. **APARTMENT MAINTENANCE DO'S AND DON'TS**

**DISHWASHER**
- Do use only soap designed for dishwashers, not any other kind of soap in your dishwasher. Using other soap will cause flooding in your apartment.
- Do rinse the food off your dirty dishes before you put them in the dishwasher. Large amounts of food can damage the machine and will lower the quality of the finished dishes.
- Do put only "Dishwasher Safe" items in the dishwasher. If you are not sure, do not risk damage to the item or the dishwasher unit. Wash those items by hand.

**GARBAGE DISPOSAL AND KITCHEN SINK**
- Do not put any oil or oil compounds down the drain. Oil will damage your plumbing and may cause flooding. Place used cooking oil in an old jar or plastic container. Dispose of it in a trash dumpster.
- Do not put large amounts of vegetable or fruit peelings in the garbage disposal. It will damage the plumbing and cause flooding in your apartment.
- Do not place large amounts of starchy items such as rice and pasta into the garbage disposal as it will clog. Dispose of rice or pasta in the trash.
- Do run your garbage disposal only when the water is on. It keeps waste moving out of your apartment.
- Do not put anything hard like bones or metal objects in the garbage disposal.
- You can put liquid dish soap down the drain before you go to sleep at night or small, thin slices of lemon that have been peeled.
- Do not try to repair a clog yourself. Complete a Work Order instead.

**MICROWAVE OVEN**
- Do not ever put anything metal or metallic in the microwave, like foil, teabags with staples attached, ceramics, paper goods and pots.
- Do not run the microwave when there is nothing inside. This will damage the unit.
- Do clean your microwave often.

**TOILET**
- Do borrow a plunger to use on the toilet if it is clogged.
- Do not flush anything that is not supposed to be flushed. Everything else should go in the garbage.
- If your toilet overflows, either it is blocked or the water is coming from upstairs. If it is blocked, then only the water from your toilet will overflow, and nothing more. Borrow a plunger from the CIC, and see if you can get it unblocked. If you do not know how to use a plunger, or plunging does not seem to unblock it, report it to the Community Information Center or the RA on-duty.
- If the toilet overflows and water continues to come out of the toilet, even after the amount of water that should have been in your toilet has already overflowed, or if water is coming out when no one flushed the toilet, you may have a blockage at the main line for your building. This means that water is coming out of your toilet from upstairs. Tell your immediate upstairs neighbors (both floors that are above you if you are in a three (3) story building) not to use their sinks, showers, or toilets, until they hear that it is okay, then get help from the Community Information Desk or the RA on-duty.

**HEATING AND AIR CONDITIONING**
- Cooling your apartment is best achieved when all the doors (except bedroom) and windows are closed while you are in your apartment. If you leave the machine in the "ON" position, its output of cold air will gradually decrease until it is just a fan. Set your air conditioner on "AUTO" and talk with your housemates about how cold you like your apartment. Compromise! You can save energy by leaving your air conditioner off when no one is home, and closing your shades during the day.
- Your heater is designed to work with the doors and windows all closed. You can save energy by leaving your heater off when no one is home. Talk with your housemates about how warm you like your apartment. Compromise!
11. COMMON HOUSING ACRONYMS

- **ASI** - Associated Students Incorporated: Cal State L.A. student government
- **ACR** - Apartment Condition Report: This report is provided when you move into your apartment so that you will have a sense of what your apartment looked like prior to your arrival. You should check the ACR for any discrepancies. Note those discrepancies on the ACR, if applicable. Return the ACR to the Housing Service Office (only if you noted discrepancies within forty-eight (48) hours).
- **CIC** - Community Information Center
- **RA** - Resident Assistant: Student staff member who provides peer counseling and advice, mediates roommate conflicts, programming, and enforces Housing Services policies.
- **RD** - Resident Director: Full time professional staff who supervises the RAs, provides counseling and advice, mediates roommate conflicts, coordinates programs, and hears conduct cases for residents.
- **RHA** - Residence Hall Association: the student government for Housing. They meet to discuss important issues in Housing, plan events, activities and represent residents. You are welcome to attend meetings, and encouraged to represent your building or area.

Cal State L.A. adopts California State University's (CSU) policies and procedures as specified, whenever applicable.

**Title IX Notice of Non-Discrimination**

The California State University does not discriminate on the basis of sex, gender, or sexual orientation in its education programs or activities. Title IX of the Education Amendments of 1972, and certain other federal and state laws, prohibit discrimination on the basis of sex, gender, or sexual orientation in employment, as well as all education programs and activities operated by the University (both on and off campus), and protect all people regardless of their gender or gender identity from sex discrimination, which includes sexual harassment and sexual violence. Executive Order 1095 Cal State L.A. adopts this CSU policy and procedure.

**Who to Contact If You Have Complaints, Questions or Concerns**

*Call 9-1-1 if you are in the midst of any kind of emergency, immediate harm or threat of harm.*

The University has designated a Title IX Coordinator to monitor and oversee overall compliance with laws and policies related to nondiscrimination based on sex. The campus Title IX Coordinator is available to explain and discuss: Your right to file a criminal complaint (in cases of Sexual Violence); the University's relevant complaint process, and your right to receive assistance with that process, including the investigation process; how confidentiality is handled; available resources, both on and off campus; and other related matters.

If you have experienced Sexual Violence you are encouraged to seek immediate assistance from police and healthcare providers for your physical safety, emotional support and medical care. The campus Title IX Coordinator is available to assist you in notifying University police, if you wish. University police can escort you to a safe place and transport you to a hospital or a sexual assault response center for a medical examination, if needed. University police can also provide access to a confidential sexual assault advocate. If you would prefer not to notify University or local police, you are strongly encouraged to seek assistance from the campus Title IX Coordinator who can provide you with information on your options, rights and remedies.

Peace Over Violence
Definitions:

**Sex Discrimination** means an adverse action taken against an individual because of gender or sex (including sexual harassment, sexual violence, domestic violence, dating violence, and stalking) as prohibited by Title IX; Title IV; VAWA/Campus SaVE Act; California Education Code § 66250 et seq.; and/or California Government Code § 11135. See also Title VII of the Civil Rights Act of 1964, the California Fair Employment and Housing Act (Cal. Govt. Code § 12940 et seq.), and other applicable laws. Both men and women can be victims of Sex Discrimination.

**Sexual Harassment**, a form of Sex Discrimination, is unwelcome verbal, nonverbal or physical conduct of a sexual nature that includes, but is not limited to sexual violence, sexual advances, requests for sexual favors, and indecent exposure, where:

- Submission to, or rejection of, the conduct is explicitly or implicitly used as the basis for any decision affecting a student's academic status or progress, or access to benefits and services, honors, programs, or activities available at or through the University; or
- Such conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the student, and is in fact considered by the student, as limiting the student's ability to participate in or benefit from the services, activities or opportunities offered by the University; or
- Submission to, or rejection of, the conduct by a University employee is explicitly or implicitly used as the basis for any decision affecting a term or condition of employment, or an employment decision or action; or
- Such conduct is sufficiently severe, persistent or pervasive that its effect, whether or not intended, could be considered by a reasonable person in the shoes of the University employee or third party, and is in fact considered by the University employee or third party, as intimidating, hostile or offensive.

Sexual Harassment also includes acts of verbal, non-verbal or physical aggression, intimidation or hostility based on gender or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

**Sexual Violence** is a form of Sexual Harassment and means physical sexual acts, such as unwelcome sexual touching, sexual assault, sexual battery, rape, domestic violence, dating violence, and stalking (when based on gender or sex), perpetrated against an individual against his or her will and without consent or against an individual who is incapable of giving consent due to that individual's use of drugs or alcohol, status as a minor, or disability. Sexual Violence may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication). Men as well as women can be victims of these forms of Sexual Violence. Unlawful sexual intercourse with a minor (statutory rape) occurs even if the intercourse is consensual when the victim is under 18 years old, because the victim is considered incapable of giving legal consent due to age.

**Sexual Assault** is a form of Sexual Violence and is an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person's gender or sex.
**Sexual Battery** is a form of Sexual Violence and is any willful and unlawful use of force or violence upon the person of another because of that person’s gender or sex.

**Rape** is a form of Sexual Violence, and is non-consensual sexual intercourse that may also involve the use of threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Any sexual penetration, however slight, is sufficient to constitute rape. Sexual acts including intercourse are considered non-consensual when the person is incapable of giving consent because s/he is incapacitated from alcohol and/or drugs, is under 18 years old, or if a mental disorder or developmental or physical disability renders the person incapable of giving consent. The accused’s relationship to the person (such as family member, spouse, friend, acquaintance or stranger) is irrelevant. (See complete definition of Consent below.)

**Acquaintance Rape** is a form of Sexual Violence committed by an individual known to the victim. This includes a person the victim may have just met; i.e., at a party, introduced through a friend, or on a social networking website. (See above for definition of Rape.)

**Consent** means an informed, affirmative, conscious decision by each participant to engage in mutually agreed-upon sexual activity.

- Consent must be voluntary, and given without coercion, force, threats, or intimidation. Consent requires positive cooperation in a particular sexual act, or expression of intent to engage in that sexual act through the exercise of free will.
- Consent can be withdrawn or revoked. Consent to one form of sexual activity (or one sexual act) does not constitute consent to other forms of sexual activity (or other sexual acts). Consent to sexual activity given on one occasion does not constitute consent to sexual activity on another occasion. The fact that two people are or were in a dating or sexual relationship does not constitute consent to engage in sexual activity. There must always be mutual and affirmative consent to engage in sexual activity. Consent to a sexual act may be withdrawn or revoked at any time, including after penetration. The victim’s request for the perpetrator to use a condom or birth control does not, in and of itself, constitute consent. Once consent is withdrawn or revoked, the sexual activity must stop immediately.
- Consent cannot be given by a person who is incapacitated. For example, a person cannot give consent if s/he is unconscious or coming in and out of consciousness. A person is incapacitated if s/he lacks the physical and/or mental ability to make informed, rational judgments. Examples of incapacitation include unconsciousness, sleep and blackouts. Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person’s decision-making capacity, awareness of consequences, and ability to make fully informed judgments. A person with a medical or mental disability may also lack the capacity to give consent.
- Being intoxicated by drugs or alcohol does not diminish a person’s responsibility to obtain consent from the other party before engaging in sexual activity. Factors to be considered include whether the person knew, or whether a reasonable person in the accused’s position should have known, that the victim did not give, or revoked, consent; was incapacitated; or was otherwise incapable of giving consent.
- Sexual intercourse with a minor is never consensual when the victim is under 18 years old, because the victim is considered incapable of giving legal consent due to age.

**Domestic Violence** is a form of Sexual Violence and is abuse committed against someone who is a current or former spouse, current or former cohabitant, someone with whom the abuser has a child, someone with whom the abuser has or had a dating or engagement relationship, or a person similarly situated under California domestic or family violence law. Cohabitant means two unrelated persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as husband and wife, (5) the continuity of the relationship, and (6) the length of the relationship.
Dating Violence is a form of Sexual Violence, and is abuse committed by a person who is or has been in a social or dating relationship of a romantic or intimate nature with the victim. This may include someone the victim just met; i.e., at a party, introduced through a friend, or on a social networking website.

Stalking means a repeated course of conduct directed at a specific person (when based on gender or sex) that places that person in reasonable fear for his/her or others’ safety, or to suffer substantial emotional distress.

Your Reporting Options

The University’s primary concern is the safety of its campus community members. The use of alcohol or drugs never makes the victim at fault for Sexual Violence. Moreover, victims should not be deterred from reporting incidents of Sexual Violence out of a concern that they might be disciplined for related violations of drug, alcohol or other University policies. Except in extreme circumstances, victims of Sexual Violence shall not be subject to discipline for related violations of University policy.

Criminal: Reporting to University police and/or local police is an option at any time following a Sexual Violence incident. If you choose not to report to the police immediately, you can still make the report at a later time. However, with the passage of time, the ability to gather evidence to assist with criminal prosecution may be limited. Depending on the circumstances, the police may be able to obtain a criminal restraining order on your behalf.

Administrative: You may report to the campus Title IX Coordinator any incident of Sex Discrimination, Sexual Harassment, or Sexual Violence (e.g., Rape, Acquaintance Rape, Dating Violence, Domestic Violence or Stalking). Contact information for the Title IX Coordinator is listed above. The Title IX Coordinator will provide you with written and verbal information regarding applicable University complaint procedures for investigating and addressing the incident.

The campus Title IX Coordinator will also discuss with you any reasonable interim remedies the University may offer prior to conclusion of an investigation or potential disciplinary action to reduce or eliminate negative impact on you and provide you with available assistance. Examples include: Adjustment to University work assignments, course schedules or supervisory reporting relationship; requiring the accused to move from University-owned or affiliated housing; immediately prohibiting the accused from coming to the University; or prohibiting the accused from contacting you. These options may be available to you whether or not you choose to report the Sexual Violence to campus police or law enforcement. The Title IX Coordinator remains available to assist you and provide you with reasonable remedies requested by you throughout the reporting, investigative, and disciplinary processes, and thereafter.

If it is determined that University policy prohibiting Sexual Violence was violated, the perpetrator will be subject to discipline, up to and including dismissal from University employment or expulsion from the University. You are entitled to be accompanied to any related meeting or proceeding by an advisor of your choice. However, if you do not wish to participate in an investigation or hearing process, you have the right to decline to do so.

Health/Counseling/Clergy: You may choose to seek advice and assistance from physicians, psychotherapists, professional counselors, clergy, sexual assault and domestic violence counselors and advocates, including individuals who work or volunteer for them.

Civil Lawsuit: You may choose to file a civil lawsuit against the perpetrator, whether or not criminal charges have been filed. A civil lawsuit provides you the opportunity to recover actual damages, which may include compensation for medical expenses, lost wages, pain, suffering and emotional distress.

You may also choose to obtain a protective or restraining order (such as a domestic violence restraining order or a civil harassment restraining order). Restraining orders must be obtained from a court in the jurisdiction where the incident occurred. Restraining orders can protect victims who have experienced or are reasonably in fear of Sexual Violence, including Domestic Violence, Dating Violence and Stalking. Your campus Title IX Coordinator can offer assistance with obtaining a protective or restraining order.
**Non-reporting:** You are strongly encouraged to report any incident of Sexual Violence to the police and/or campus Title IX Coordinator so that steps may be taken to protect you and the rest of the campus community. However, non-reporting is also an option.

**How to File a Complaint under University Complaint Procedures**

Federal and state laws require that the CSU adopt and publish complaint procedures that provide for prompt and equitable resolution of Sex Discrimination complaints, including Sexual Harassment and Sexual Violence.

**CSU Executive Order 1096** sets forth the university’s systemwide policy and complaint procedure for Discrimination, Harassment and Retaliation complaints *made by third parties and employees* not eligible to file a complaint or grievance under a collective bargaining agreement or whose collective bargaining agreement incorporates the CSU systemwide complaint procedure.

**CSU Executive Order 1097** is the systemwide policy and complaint procedure for all complaints of Discrimination, Harassment or Retaliation *made by students* against the CSU, a CSU employee, other CSU students or a third party.

The campus Title IX Coordinator is available to provide you with written and verbal information regarding the applicable University complaint procedure for investigating and addressing your reported incident. Contact information for the Title IX Coordinator is listed above.

**Sexual Violence and Confidentiality—Know Your Options**

We encourage victims of Sexual Violence, Dating Violence, Domestic Violence, and Stalking (collectively Sexual Violence) to talk to someone about what happened – so you can get the support you need, and so the University can respond appropriately. Whether – and the extent to which – a University employee may agree to maintain confidentiality (and not disclose information to the Title IX Coordinator) depends on the employee’s position and responsibilities at the University. This information is intended to make you aware of the various reporting and confidential disclosure options available to you – so you can make informed choices about where to turn for help. The University encourages victims to talk to someone identified in one or more of these groups.

As explained below, some employees are required by law to maintain near complete confidentiality; talking to them is sometimes called a “privileged communication.” Other employees may talk to a victim in confidence, and generally only report to the University that an incident occurred without revealing any personally identifying information. Finally, some employees are required to report all details of an incident (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator. A report to these employees constitutes a report to the University, and generally creates a legal obligation for the University to investigate the incident and take appropriate steps to address the situation.

**Privileged and Confidential Communications**

Physicians, Psychotherapists, Professional Counselors and Clergy – Physicians, psychotherapists, professional, licensed counselors, and clergy who work or volunteer on or off campus, and who provide medical or mental health treatment or counseling (including those who act in that role under their supervision) may not report any information about an incident of Sexual Violence to anyone else at the University, including the Title IX Coordinator, without your consent. You can seek assistance and support from physicians, psychotherapists, professional, licensed counselors, and clergy without triggering a University investigation that could reveal your identity or the fact of your disclosure. However, see limited exceptions below regarding when health care practitioners must report to local law enforcement agencies. Health care practitioners should explain these limited exceptions to, if applicable. Following is the contact information for relevant professional counselors and physicians on campus:

Hai Ho, MD, Physician – (323) 343-3314
Paul Kim, MD, Physician - (323) 343-3314
Sexual Assault and Domestic Violence Counselors and Advocates – Sexual assault and domestic violence counselors and advocates who work or volunteer on or off campus in sexual assault centers, victim advocacy offices, women’s centers, and health centers (including all individuals who work or volunteer in these centers and offices, as well as non-professional counselors or advocates, and those who act in that role under their supervision) may talk to you without revealing any information about you or the incident of sexual violence to anyone else at the University, including the Title IX Coordinator, without your consent. You can seek assistance and support from these counselors and advocates without triggering a University investigation that could reveal your identity or that you disclosed an incident to them. However, see limited exceptions below regarding when sexual assault and domestic violence counselors and advocates must report to local law enforcement agencies. Counselors and advocates should explain these limited exceptions to you, if applicable. Following is contact information for some of the sexual assault and domestic violence counselors and advocates on campus:

Joanna Gaspar, MS, MPH, Senior Health Educator – (323) 343-3341
Jeri Landon, RN, MPH, CHES, Health Educator – (323) 343-3341

If you speak only to a physician, professional counselor, clergy member, sexual assault counselor, domestic violence counselor or advocate, you must understand that the University will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the perpetrator, if you choose to maintain confidentiality.

Even so, these individuals will still assist you in receiving other necessary protection and support, such as victim advocacy, disability, medical/health or mental health services, or legal services. They may not, however, be able to assist you with University academic support or accommodations, or changes to University-based living or working schedules, or assist with adjustments to course schedules. Only the University and the Title IX Coordinator can assist with those matters (see below). A victim who at first requests confidentiality may later decide to file a complaint with the University or report the incident to the police, and thus have the incident fully investigated. These counselors and advocates can provide you with that assistance if you wish. These counselors and advocates will also explain that Title IX includes protections against retaliation, and that the University will not only take steps to prevent retaliation when it knows or reasonably should know of possible retaliation, but will also take strong responsive action if it occurs.

EXCEPTIONS: Under California law, any health practitioner employed in a health facility, clinic, physician’s office, or local or state public health department or clinic is required to make a report to local law enforcement if he or she provides medical services for a physical condition to a patient/victim who he or she knows or reasonably suspects is suffering from (1) a wound or physical injury inflicted by a firearm; or (2) any wound or other physical injury inflicted upon a victim where the injury is the result of assaultive or abusive conduct (including Sexual Violence, Domestic Violence, and Dating Violence). This exception does not apply to sexual assault and domestic violence counselors and advocates. Health care practitioners should explain this limited exception to you, if applicable.

Additionally, under California law, all professionals described above (physicians, psychotherapists, professional counselors, clergy, and sexual assault and domestic violence counselors and advocates) are mandatory child abuse and neglect reporters, and are required to report incidents involving victims under 18 years of age to local law enforcement. These professionals will explain this limited exception to you, if applicable.

Finally, some or all of these professionals may also have reporting obligations under California law to (1) local law enforcement in cases involving threats of immediate or imminent harm to self or others where disclosure of
the information is necessary to prevent the threatened danger; or (2) the court if compelled by court order or
subpoena in a criminal proceeding related to the Sexual Violence incident. If applicable, these professionals will
explain this limited exception to you.

Reporting to University or Local Police

If you report to local or University Police about Sexual Violence, the police are required to notify you that your
name will become a matter of public record unless confidentiality is requested. If you request that your identity
be kept confidential, your name will not become a matter of public record and the police will not report your
identity to anyone else at the University, including the Title IX Coordinator. University Police will, however, report
the facts of the incident itself to the Title IX Coordinator being sure not to reveal to the Title IX Coordinator your
name/identity, or compromise their own criminal investigation.

The University is required by the federal Clery Act to report certain types of crimes (including certain sex
offenses) in statistical reports. However, while the University will report the type of incident in the annual crime
statistics report known as the Annual Security Report, your name/identity will not be revealed.

Reporting to the Title IX Coordinator and Other University Employees

Most University employees have a duty to report incidents of Sexual Violence when they are on notice of it.
When you tell the Title IX Coordinator or another University employee about a Sexual Violence incident, you
have the right to expect the University to take immediate and appropriate steps to investigate what happened
and to resolve the matter promptly and equitably. In all cases, the University strongly encourages victims to
report Sexual Violence directly to the Title IX Coordinator.

As detailed above in the Privileged and Confidential Communications section, all University employees except
physicians, licensed counselors, and sexual assault counselors and advocates, must report to the Title IX
Coordinator all relevant details about any Sexual Violence incidents of which they become aware. The
University will need to determine what happened – and will need to know the names of the victim(s) and the
perpetrator(s), any witnesses, and any other relevant facts, including the date, time and specific location of the
incident.

To the extent possible, information reported to the Title IX Coordinator or other University employees will be
shared only with individuals responsible for handling the University’s response to the incident. The University will
protect the privacy of individuals involved in a Sexual Violence incident except as otherwise required by law or
University policy. A Sexual Violence report may result in the gathering of extremely sensitive information about
individuals in the campus community. While such information is considered confidential, University policy
regarding access to public records and disclosure of personal information may require disclosure of certain
information concerning a report of Sexual Violence. In such cases, efforts will be made to redact the records, as
appropriate, in order to protect the victim’s identity and privacy and the privacy of other involved individuals.

The Title IX Coordinator can be reached at:

Mariel S. Mulet
5151 State University Drive
Administration Building, Room 606
Los Angeles, California 90032
(323) 343-3040
Office hours Monday through Friday 8 a.m. to 5 p.m.

If you request of the Title IX Coordinator or another University employee that your identity remain completely
confidential, the Title IX Coordinator will explain that the University cannot always honor that request and
guarantee complete confidentiality. If you wish to remain confidential or request that no investigation be
conducted or disciplinary action taken, the University must weigh that request against the University’s obligation
to provide a safe, non-discriminatory environment for all students, employees and third parties, including you.
Under those circumstances, the Title IX Coordinator will determine whether your request for complete confidentiality and/or no investigation can be honored under the facts and circumstances of the particular case, including whether the University has a legal obligation to report the incident, conduct an investigation or take other appropriate steps. Without information about your identity, the University’s ability to meaningfully investigate the incident and pursue disciplinary action against the perpetrator may be severely limited.

The Title IX Coordinator will inform you prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the University’s response. The Title IX Coordinator will remain mindful of your well-being, and will take ongoing steps to protect you from retaliation or harm, and work with you to create a safety plan. Retaliation against you, whether by students, or employees, will not be tolerated. The University and Title IX Coordinator will also:

- Provide interim remedies requested by you, if they are reasonably available, regardless of whether you choose to report Sexual Violence to campus or local police;
- Assist you in accessing other available victim advocacy, academic support, counseling, disability, medical/health or mental health services, and legal assistance both on and off campus;
- Provide other security and support, which could include issuing a no-contact order, helping arrange a change of campus-based living or working arrangements or course schedules (including for the perpetrator pending the outcome of the investigation) or adjustments for assignments, tests, or work duties; and
- Inform you of your right to report a crime to University or local police – and provide you with assistance if you wish to do so.

The University will not require you to participate in any investigation or disciplinary proceeding if you do not wish to participate.

The University will not generally notify parents or legal guardians of your report of Sexual Violence unless you are under the age of 18 or you provide the University with written permission to do so.

Under California law, and pursuant to University policy, all University employees, including the Title IX Coordinator, are mandatory child abuse and neglect reporters and should explain to victims under 18 years of age that they are required to report the Sexual Violence incident to the police. However, the identity of the person who reports and the report itself are confidential and disclosed only among appropriate agencies.

Because the University is under a continuing legal obligation to address the issue of Sexual Violence campus-wide, reports of Sexual Violence (including non-identifying reports) may also prompt the University to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported incident occurred; increased education, training and prevention efforts, including to targeted population groups; conducting climate assessments/victimization surveys; and/or revision of policies and practices.

The Office of the Ombuds, if available on your specific campus, provides confidential, neutral and informal dispute resolution services, provides information about University policies and procedures, and makes referrals. However, in Sexual Violence cases, California law mandates that the Ombuds as well as all other University employees (except for physicians, licensed counselors, sexual assault counselors and advocates as discussed in the Privileged and Confidential Communications section of this policy above) report Sexual Violence incidents to the Title IX Coordinator.

NOTE: If the University determines that the perpetrator poses a serious and immediate threat to the campus community, a designated Campus Security Authority under the Clery Act may be called upon to issue a timely warning to the community. Any such warning will not include any information that identifies the victim.

**Campus, Civil, and Criminal Consequences of Committing Acts of Sex Discrimination, Sexual Harassment, and Sexual Violence**
Individuals alleged to have committed Sexual Violence may face criminal prosecution by law enforcement and may incur penalties as a result of civil litigation. In addition, employees and students may face discipline/sanctions at the University. Employees may face sanctions up to and including dismissal from employment, per established CSU policies and provisions of applicable collective bargaining agreements. Students and employees charged with Sex Discrimination, Sexual Harassment or Sexual Violence will also be subject to discipline, pursuant to University policies, and will be subject to appropriate sanctions.

In addition, during any investigation, the University may implement interim measures in order to maintain a safe and non-discriminatory educational and working environment. Such measures may include immediate interim suspension of the accused from the University, a required move from University-owned or affiliated housing, an adjustment to work or course schedule, or prohibition from contact with parties involved in the alleged incident.

**Myths and Facts about Sexual Violence**

**What You Can Do To Help Stop Sexual Violence**

- Sexual contact requires mutual consent. An incapacitated person (for example, a person who is intoxicated by drugs or alcohol) may be incapable of giving consent. Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person’s decision-making capacity, awareness of consequences, and ability to make fully informed judgments.
- No one deserves to be sexually assaulted, stalked or victimized in any way.
- Don’t engage in any behavior that may be considered dating/domestic violence, sexual assault, stalking or any other form of violence.
- Never use force, coercion, threats, alcohol or other drugs to engage in sexual activity.
- Take responsibility for your actions.
- Avoid alcohol and other drugs.
- Remember “no” means “No!” and “stop” means “Stop!”
- Report incidents of violence (including coercion) to law enforcement and campus authorities.
- Discuss Sexual Violence, Domestic Violence, Dating Violence, and Stalking with friends—speak out against violence and clear up misconceptions.
- Don’t mistake submission or silence for consent.

**What You Can Do To Help Minimize Your Risk of Becoming a Victim**

- Be aware. Does your partner: Threaten to hurt you or your children? Say it’s your fault if he or she hits you and then promises it won’t happen again (but it does)? Put you down in public? Force you to have sex when you don’t want to? Follow you? Send you unwanted messages and gifts?
- Be assertive. Speak up.
- Stay sober and watch out for dates and/or anyone who tries to get you drunk or high.
- Clearly communicate limits to partners, friends and acquaintances.
- Never leave a party with someone you don’t know well and trust.
- Trust your feelings; if it feels wrong, it probably is.
- Learn all you can and talk with your friends. Help them stay safe.
- Report incidents of violence to law enforcement and campus authorities.

**What You Can Do If You Are a Victim, in General**

- Go to a safe place as soon as possible.
- Preserve evidence.
- Report the incident to University Police or local law enforcement.
- Report the incident to your campus Title IX Coordinator.
• Call a Domestic Violence, Sexual Violence or Stalking hotline.
• Call a friend or family member for help.
• Know that you are not at fault. You did not cause the abuse to occur and you are not responsible for someone else's violent behavior.

Common Myths and Facts about the Causes of Sexual Violence

1. **Myth:** Victims provoke sexual assaults when they dress provocatively or act in a promiscuous manner.
   **Fact:** Rape and sexual assault are crimes of violence and control that stem from a person’s determination to exercise power over another. Neither provocative dress nor promiscuous behaviors are invitations for unwanted sexual activity. Forcing someone to engage in non-consensual sexual activity is sexual assault, regardless of the way that person dresses or acts.

2. **Myth:** If a person goes to someone’s room or house or goes to a bar, s/he assumes the risk of sexual assault. If something happens later, s/he can’t claim that s/he was raped or sexually assaulted because s/he should have known not to go to those places.
   **Fact:** This “assumption of risk” wrongfully places the responsibility of the offender’s action with the victim. Even if a person went voluntarily to someone’s home or room and consented to engage in some sexual activity, it does not serve as blanket consent for all sexual activity. When in doubt if the person is comfortable with an elevated level of sexual activity, stop and ask. When someone says “no” or “stop,” that means “STOP!” Sexual activity forced upon another without valid consent is sexual assault.

3. **Myth:** It is not sexual assault if it happens after drinking or taking drugs.
   **Fact:** Being under the influence of alcohol or drugs is not an invitation for sexual activity. A person under the influence does not cause others to assault her/him; others choose to take advantage of the situation and sexually assault her/him because s/he is in a vulnerable position. A person who is incapacitated due to the influence of alcohol or drugs is not able to consent to sexual activity.

4. **Myth:** Most sexual assaults are committed by strangers. It’s not rape if the people involved know each other.
   **Fact:** Most sexual assaults and rape are committed by someone the victim knows. A study of sexual victimization of college women showed that about 90% of victims knew the person who sexually victimized them. Most often, a boyfriend, ex-boyfriend, classmate, friend, acquaintance or co-worker sexually victimized the person. It is important to remember that sexual assault can occur in both heterosexual and same-gender relationships.

5. **Myth:** Rape can be avoided if women avoid dark alleys or other “dangerous” places where strangers might be hiding or lurking.
   **Fact:** Rape and sexual assault can occur at any time, in many places, to anyone.

6. **Myth:** A person who has really been sexually assaulted will be hysterical.
   **Fact:** Victims of sexual violence exhibit a spectrum of responses to the assault which can include: calm, hysteria, withdrawal, anxiety, anger, apathy, denial and shock. Being sexually assaulted is a very traumatic experience. Reaction to the assault and the length of time needed to process through the experience vary with each person. There is no “right way” to react to being sexually assaulted. Assumptions about the way a victim “should act” may be detrimental to the victim because each victim copes in different ways.

7. **Myth:** All sexual assault victims will report the crime immediately to the police. If they do not report it or delay in reporting it, then they must have changed their minds after it happened, wanted revenge or didn’t want to look like they were sexually active.
   **Fact:** There are many reasons why a sexual assault victim may not report the assault to the police or campus officials. It is not easy to talk about being sexually assaulted and can feel very shameful. The experience of retelling what happened may cause the person to relive the trauma. Another reason for delaying a report or not making a report is the fear of retaliation by the offender. There is also the fear of being blamed, not being believed and being required to go through judicial proceedings. Just because a person does not report the sexual assault does not mean it did not happen.

8. **Myth:** Only young, pretty women are assaulted.
   **Fact:** The belief that only young, pretty women are sexually assaulted stems from the myth that sexual assault is based on sex and physical attraction. Sexual assault is a crime of power and control. Offenders often choose people whom they perceive as most vulnerable to attack or over whom they believe they can assert power. Men and boys are also sexually assaulted, as well as persons with
disabilities. Assumptions about the “typical” victim might lead others not to report the assault because they do not fit the stereotypical victim.

9. **Myth**: It’s only rape if the victim puts up a fight and resists.
   **Fact**: Many states do not require the victim to resist in order to charge the offender with rape or sexual assault. Those who do not resist may feel if they do so, they will anger their attacker, resulting in more severe injury. Many assault experts say that victims should trust their instincts and intuition and do what they believe will most likely keep them alive. Not fighting or resisting an attack does not equal consent.

10. **Myth**: Someone can only be sexually assaulted if a weapon was involved.
    **Fact**: In many cases of sexual assault, a weapon is not involved. The offender often uses physical strength, physical violence, intimidation, threats or a combination of these tactics to overpower the victim. Although the presence of a weapon while committing the assault may result in a higher penalty or criminal charge, the absence of a weapon does not mean that the offender cannot be held criminally responsible for a sexual assault.

### Sexual Violence - Risk Reduction Tips

**Sexual Violence** is a form of Sexual Harassment and means physical sexual acts, such as unwelcome sexual touching, sexual assault, sexual battery, rape, domestic violence, dating violence and stalking (when based on gender or sex), perpetrated against an individual against his or her will and without consent or against an individual who is incapable of giving consent due to that individual's use of drugs or alcohol, status as a minor, or disability. Sexual Violence may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication).

Men as well as women can be victims of these forms of Sexual Violence. Unlawful sexual intercourse with a minor (statutory rape) occurs even if the intercourse is consensual when the victim is under 18 years old, because the victim is considered incapable of giving legal consent due to age.

“What can I do in order to help reduce my risk of being a victim of Sexual Violence?”
Risk reduction tips can often take a victim-blaming tone, even unintentionally. With no intention to victim-blame and with recognition that only those who commit Sexual Violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act:

- If you have limits, make them known as early as possible.
- Tell a sexual aggressor “NO” clearly and firmly.
- Try to remove yourself from the physical presence of a sexual aggressor.
- Find someone nearby and ask for help.
- Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
- Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.
- **In an emergency, call 9-1-1**

“What can I do in order to help reduce my risk of being an initiator of Sexual Violence?”
If you find yourself in the position of being the initiator of sexual behavior, you owe sexual respect to your potential partner. These suggestions may help you to reduce your risk of being accused of sexual misconduct:

- Clearly communicate your intentions to your sexual partner and give them a chance to clearly relate their intentions to you.
- Understand and respect personal boundaries.
- **DON’T MAKE ASSUMPTIONS** about consent, about someone’s sexual availability, about whether they are attracted to you, about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity then you DO NOT have consent.
• Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better. You may be misreading them. They may not have figured out how far they want to go with you yet. You must respect the timeline for sexual behaviors with which they are comfortable.
• Don’t take advantage of someone’s drunkenness or drugged state, even if they did it to themselves. Incapacitation means a person is unable to give valid consent.
• Realize that your potential partner could be intimidated by you, or fearful. You may have a power advantage simply because of your gender or size. Don’t abuse that power.
• Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.
• Silence and passivity cannot be interpreted as an indication of consent. Read your potential partner carefully, paying attention to verbal and non-verbal communication and body language.

Rape, Acquaintance Rape, Sexual Assault, Sexual Battery and Consent

Rape is a form of Sexual Violence, and is non-consensual sexual intercourse that may also involve the use of threat of force, violence, or immediate and unlawful bodily injury or threats of future retaliation and duress. Any sexual penetration, however slight, is sufficient to constitute rape. Sexual acts including intercourse are considered non-consensual when a person is incapable of giving consent because s/he is incapacitated from alcohol and/or drugs, is under 18 years old, or if a mental disorder or developmental or physical disability renders the person incapable of giving consent. The accused’s relationship to the person (such as family member, spouse, friend, acquaintance or stranger) is irrelevant. (See complete definition of Consent below.)

Acquaintance Rape is a form of Sexual Violence committed by an individual known to the victim. This includes a person the victim may have just met; i.e., at a party, introduced through a friend, or on a social networking website. See above for definition of Rape.

Sexual Assault is a form of Sexual Violence and is an attempt, coupled with the ability, to commit a violent injury on the person of another because of that person’s gender or sex.

Sexual Battery is a form of Sexual Violence and is any willful and unlawful use of force or violence upon the person of another because of that person’s gender or sex.

Consent means an informed, affirmative, conscious decision by each participant to engage in mutually agreed-upon sexual activity.

• Consent must be voluntary, and given without coercion, force, threats, or intimidation. Consent requires positive cooperation in a particular sexual act, or expression of intent to engage in that sexual act through the exercise of free will.
• Consent can be withdrawn or revoked. Consent to one form of sexual activity (or one sexual act) does not constitute consent to other forms of sexual activity (or other sexual acts). Consent to sexual activity given on one occasion does not constitute consent to sexual activity on another occasion. The fact that two people are or were in a dating or sexual relationship does not constitute consent to engage in sexual activity. There must always be mutual and affirmative consent to engage in sexual activity. Consent to a sexual act may be withdrawn or revoked at any time, including after penetration. The victim’s request for the perpetrator to use a condom or birth control does not, in and of itself, constitute consent. Once consent is withdrawn or revoked, the sexual activity must stop immediately.
• Consent cannot be given by a person who is incapacitated. For example, a person cannot give consent if s/he is unconscious or coming in and out of consciousness. A person is incapacitated if s/he lacks the physical and/or mental ability to make informed, rational judgments. Examples of incapacitation include unconsciousness, sleep and blackouts. Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person’s decision-making capacity, awareness of consequences, and ability to make fully informed judgments. A person with a medical or mental disability may also lack the capacity to give consent.
• Being intoxicated by drugs or alcohol does not diminish a person’s responsibility to obtain consent from the other party before engaging in sexual activity. Factors to be considered include whether the person knew, or whether a reasonable person in the accused’s position should have known, that the victim did not give, or revoked, consent; was incapacitated; or was otherwise incapable of giving consent.
• Sexual intercourse with a minor is never consensual when the victim is under 18 years old, because the victim is considered incapable of giving legal consent due to age.

In order for a sexual act to be considered rape or sexual assault, the act must be non-consensual.

Crimes of a sexual nature may be reported to campus or local law enforcement in addition to being reported administratively on campus to the Title IX Coordinator. Both men and women can be victims of rape or sexual assault.

What is Dating Violence or Domestic Violence?

Domestic Violence is a form of Sexual Violence, and is abuse committed against someone who is a current or former spouse, current or former cohabitant, someone with whom the abuser has a child, someone with whom the abuser has or had a dating or engagement relationship, or a person similarly situated under California domestic or family violence law. Cohabitation means two unrelated persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as husband and wife, (5) the continuity of the relationship, and (6) the length of the relationship.

Dating Violence is a form of Sexual Violence, and is abuse committed by a person who is or has been in a social or dating relationship of a romantic or intimate nature with the victim. This may include someone the victim just met; i.e., at a party, introduced through a friend, or on a social networking website.

Types of Dating/Domestic Violence That Includes Sexual Misconduct
There usually is a pattern or a repeated cycle of dating violence, starting with the first instance of abuse.

General Pattern of Behavior
- Tension Building: Relationship begins to get strained or tense between partners.
- Explosion: Outburst that includes verbal, emotional or physical abuse.
- Honeymoon: Apologies where the abuser tries to re-connect with his/her partner by shifting the blame onto someone or something else.

Stalking
Stalking means a repeated course of conduct directed at a specific person (when based on gender or sex) that places that person in reasonable fear for his/her or others’ safety, or to suffer substantial emotional distress. Stalking is a pattern of behavior that makes you feel afraid, nervous, harassed or in danger. It is when someone repeatedly contacts you, follows you, sends you things, talks to you when you don't want them to or threatens you. Stalking behaviors can include:
- Damaging your property.
- Knowing your schedule.
- Showing up at places you go.
- Sending mail, e-mail, texts and pictures.
- Creating a website about you.
- Sending gifts.
- Stealing things that belong to you.
- Calling you repeatedly.
- Any other actions that the stalker takes to contact, harass, track or frighten you.

You can be stalked by someone you know casually, a current boyfriend or girlfriend, someone you dated in the past or a stranger. Getting notes and gifts at your home, on your car or other places might seem sweet and harmless to other people. But if you don't want the gifts, phone calls, messages, letters or e-mails, it doesn't feel sweet or harmless. It can be scary and frustrating.

Sometimes people stalk their boyfriends or girlfriends while they're dating. They check up on them, text or call them all the time, expect instant responses, follow them, use GPS to secretly monitor them and generally keep track of them, even when they haven't made plans to be together. These stalking behaviors can be part of an abusive relationship. If this is happening to you or someone you know, you should talk to a trusted person. Stalking is a crime and can be dangerous. California Penal Code section 646.9, in part, states, “Any person who willfully, maliciously and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family is guilty of the crime of stalking…..”

How You Can Help Yourself
Think about ways you can be safer. This means thinking about what to do, where to go for help and who to call ahead of time:
- Where can you go for help?
- Who can you call?
- Who will help you?
- How will you escape a violent situation?

Other Things You Can Do
- **In an emergency, call 9-1-1** or University Police or the local police department.
- Let friends or family members know when you are afraid or need help.
- Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Avoid isolated areas.
- Avoid putting headphones in both ears so you can be more aware of your surroundings.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, remove yourself.
- Vary your routine, your driving routes and where you park your car.
- When you go out, tell someone where you are going and when you’ll be back. Memorize the phone numbers of people to contact or places to go in an emergency.
- Don’t load yourself down with packages or bags restricting your movement.
o Keep your cell phone handy; check to see that you have reception and that your cell phone is charged.
  o Have money for a cab or other transportation.
  o Save notes, letters or other items that the stalker sends to you. Keep a record of all contact that the stalker has with you; these items will be very useful in an investigation.

How You Can Help Someone Else
If you know someone who is being stalked, you can:
  o Encourage your friend to seek help.
  o Be a good listener.
  o Offer your support.
  o Ask how you can help.
  o Educate yourself about stalking.
  o Avoid any confrontations with the stalker; this could be dangerous for you and your friend.
